

# Application for Funding Express Applications

## **Completing this form**

Please complete all sections. Square brackets and italics indicate guides. Please see the PGF website for further support.

## **Submitting your application**

All completed forms must be emailed to [PGF@mbie.govt.nz](mailto:PGF@mbie.govt.nz) with "PGF Express" in the subject line.

If you are a Trust (or applying on behalf of a Trust), then you must provide a copy of your Trust Deed.

## **Next Steps**

Applications will be assessed for eligibility, as well as how well they will deliver on the aims of the Provincial Growth Fund. One of our team will be in contact regarding your application.

## **Public disclosure**

The Provincial Development Unit is responsible for leading the Provincial Growth Fund's design, administration and monitoring its operation in consultation with other government agencies. In the interests of public transparency, successful applications may be published by the Provincial Development Unit. Commercially sensitive and personal information will be redacted by reference to the provisions of the Official Information Act 1982. Please identify by highlighting any information in your application that you regard as commercially sensitive or as personal information for the purposes of the Privacy Act 1993.

**Part A: Key Details**

1. Proposal Title:

2. Please provide a very brief description of the project/activity:

At Central Custom Engineering we have specialist sheet metal equipment for making things such as boxes, flashings and conveyors. Industrial quality trailers, alloy dog boxes and truck decks are our speciality but we've got the skills, experience and ingenuity for even the most challenging jobs.

As well as new, custom-made equipment, here at Central Custom Engineering we take care of repairs and maintenance.

Central Custom Engineering began in 2007 from current owner Aidan Helm's garage. However, over the past 12 years we have grown the business to the current  staff we have at our facility in Alexandra.

An example of the work we do includes fruit packhouse machines, custom helicopter carrying trailers, box body race car trailers.

This application seeks the financial support a piece of equipment to help remove blockages within our business, while also allowing us to meet the customer demand we have been experiencing by reducing lead times and bringing more of the process in-house. The pieces of equipment we require include:

1. Water Jet Cutter

a. Please provide the details of the applicant organisation/entity for which funding is being requested:

<b>Legal Name:</b>	Central Custom Engineering Limited
<b>Entity Type:</b>	Company
<b>Registered Offices / Place of Business:</b>	5 Chicago Street, Alexandra
<b>Identifying Number:</b>	Company Number – 1917245
<b>Organisation's Website:</b>	<a href="https://www.centralcustoms.co.nz/">https://www.centralcustoms.co.nz/</a>

b. Please provide the contact details for a person as a key point of contact):

<b>Contact Name:</b>	Aidan Helm		
<b>Email Address:</b>	<input type="text" value="Privacy of natural persons"/>	<b>Telephone:</b>	<input type="text" value="Privacy of natural persons"/>

c. Please describe the principal role or activity of the applicant organisation.

d. This project will be based in the region of:

e. What is the activity / funding start and end date?

<b>Start Date:</b>	<input type="text" value="Commercial Information"/>	<b>Completion Date:</b>	<input type="text" value="Commercial Information"/>
--------------------	---	-------------------------	---

f. Has this project / activity been previously discussed with any part of Government? Yes:  No:

- If Yes, please describe which part of government, and what the outcome of the discussions were.

Recently we discussed our project with Mark Patterson, Senior Regional Advisor for Southland and Paul Swallow from the Provincial Development Unit as well as show Mark and Paul the facility, and what equipment is required to help grow the business to meet current demands and remove the blockage at one point in our process.

g. Have you previously received Government funding for this Project? Yes:  No:

- If Yes, please list which part of the Government, when the funding was received, and how much under Q11.

h. Are you an overseas investor for the purposes of the Overseas Investment Act? Yes:  No:

To find out if you are an overseas investor, and find support, please visit the Overseas Investment Office [website](#).

i. Please set out the proposed sources of funding for the Project:

Source of Funding:	\$ (excluding GST)
Provincial Growth Fund Funding (through this application)	\$156,000
Central Customs Engineering Limited	\$ Commercial Inform
Total:	\$ Commercial Inform

**Part B: Project Description**

j. This application is: “a stand-alone activity”  or “in support of a wider project”

k. If successful, is there likely to be a follow on application? Yes:  No:

l. Please provide a detailed description of this project for which funding is being applied, including the benefits arising from the project:

PGF funding is required to allow us to purchase equipment which will enable us to speed up the production of the product we manufacture in house which is predominantly customised trailers. There are a number of areas of our business where our efficiencies could be increased with the new machinery, particularly the Water Jet Cutter which would be the only one located in the Central Otago region.

The one piece of equipment we require are:

- Water Jet Cutter  
A Waterjet would speed up current lead times and expose us to untold opportunities and expansion and the ability to do it all in-house, and in Central Otago not outsourcing to Auckland which costs us jobs though costs and timelines.

**Job Numbers**

Provide the <b>current number</b> of jobs in your business	Comm FT (includes 1 apprentice)
Provide the <b>expected number of new sustainable jobs created</b> through this project	Comm FT
Provide the expected number of jobs during construction/installation of equipment into your business	Comm
<b>TOTAL</b>	Comm Full Time

**Job Quality**  
Provide a profile of expected jobs, the level of skills and wages.

Role	High-Skilled	Low-Skilled	Apprentice	Annual Wage
Labourer		X		\$ Commercial Info
Apprentice			X	\$ Commercial Info
Sales Manager	X			\$ Commercial Info
WaterJet Computer operator	X			\$ Commercial Info

**Export opportunities**  
We do not export internationally. Our main customers are within New Zealand.

**Competitors**  
Our nearest competitor specifically relating to the customization of hardlids is Commercial Information. While they are competitors, given the geographical location of both ours and their business we do not tend to compete directly.

We have imported goods and some local as our competition, our goods are superior build and design hence the waiting lists.

m. How does this project demonstrate additionality within the region?

**Why the project is not already underway.**

The opportunity to acquire new equipment through this application is timely as we have been considering an upgrade to our equipment for some time. With PGF investment we will be able to purchase this equipment now rather than wait until we had built up the capital necessary which is likely to be a few years down the track.

We have put everything into the business over the years and keep modern equipment as it helps keep things rolling on nicely without costly downtime, we pride ourselves on being ahead of the others with modern gear use of technology and prized staff to keep the ball rolling.

**How the project provides a new asset and is not seeking maintenance funding.**

These will be new pieces of equipment. Any ongoing maintenance on the machinery we will cover and depreciate for over time.

**The benefit of Central Government funding (i.e. over alternative sources).**

We have been a business in operation for over 12 years, and are a mature, well established business. We will still require the support of our bank to help finance our share of the new equipment however PGF investment will provide us the ability to accelerate the purchase of the equipment well before when we would have been able to. With this equipment, we will be the only company in the local area that will have this equipment. With that come benefits to those businesses that would normally have similar challenges with long lead times while waiting for components to be made elsewhere, now being able to out-source to us, and hopefully reduce those lead times.

**Why this project will unlock the potential within the region.**

Otago and Southland are well known for being the regions delivering excellence in the engineering and manufacturing sector. With PGF investment we will be able to upgrade essential infrastructure required to undertake the heavy engineering projects we take on, the flow on effects for such large work in the community is substantive, and will continue to enable a thriving engineering sector in the lower south, while ensuring the companies we service will continue to have confidence in the work we do.

n. How is the project connected to regional (and sector) stakeholders and frameworks?

**The Southland and Otago Regional Engineering Collective (SOREC)**

SOREC is the incubator for building the capability and capacity of the Southland and Otago manufacturing engineering firms. SOREC will grow the region by increasing collaboration to successfully compete for new work, adopt new technologies/methodologies, and increase the calibre and number of regional apprentices. Through SOREC, the aim is to:

1. Increase cooperation across the regional firms for stronger competitiveness globally
  - Collaborate in bidding and securing work.
2. Transform local businesses to compete successfully in the rapidly changing industry
  - Share learnings
  - Adoption of new techniques and methodologies
  - Increase revenue and volume of work.
3. Shape 'fit for purpose' apprentices by enriching the national resources with regional solutions
  - Provide tailored apprenticeship schemes

We align to SOREC through our efforts to increase revenue and volume of work by investing in new machinery to help us grow. Leading technological advancement in the engineering sector in this way will help to create high value roles and increase output. In addition, our new equipment will enable any apprentices we might bring on to learn and develop on the most modern equipment. We would like to link in with other engineering firms when looking to tender for larger programmes of work, so we see SOREC as a great opportunity to greater compete as a collective.

## o. How will your project lift productivity potential in the regions?

PGF Outcome	✓	How will the project positively or negatively impact this outcome in the region(s) identified?
1. Increase economic output	<input checked="" type="checkbox"/>	With the addition of the new machinery within our company, we will be able to increase the volume of work. We service many large firms in the Otago region while also manufacturing a variety of customised trailers. This new machinery will ensure that we can continue to undertake the work in a more timely manner.
2. Enhance utilisation of and/or returns for Māori assets	<input type="checkbox"/>	NA
3. Increase productivity and growth	<input checked="" type="checkbox"/>	With the purchase of the new equipment through this application, we will be able to increase productivity as we will have the equipment we need to accelerate the production and output needed to meet the demands of our customers.
4. Increase local employment and wages (in general and for Māori)	<input checked="" type="checkbox"/>	We will need to increase the number of jobs with the investment made into the new equipment. We envisage an increase in employment numbers from the existing <sup>Comm</sup> staff to <sup>Comme</sup>
5. Increase local employment, education and/or training opportunities for youth (in general and for Māori)	<input checked="" type="checkbox"/>	We do employ a couple of ex-school students from the region, one of which will be taken on as an apprentice.  We do use migrant workers in our business when we can source them; we do this with the support of Immigration NZ.
6. Improve digital communications, within and/or between regions	<input type="checkbox"/>	NA
7. Improve resilience and sustainability of transport infrastructure, within and/or between regions	<input type="checkbox"/>	NA
8. Contribute to mitigating or adapting to climate change	<input type="checkbox"/>	NA
9. Increase the sustainable use of and benefit from natural assets	<input type="checkbox"/>	NA
10. Enhance wellbeing, within and/or between regions	<input checked="" type="checkbox"/>	We have a role to play in the sustainability of engineering and manufacturing in the Otago and Southland region. While we have a links with many local firms in the region, we would be encouraged to be involved with collaborating more when the outsourcing of work is required and the future collective tendering of work is available.
Total number of outcomes project contributes to	5/10	

**Part C: Project Delivery**

p. Governance: Please explain how you will deliver and manage the activity:

<p><b>How will the activity be managed within your organisation?</b> I will personally take the reins and drive production with a new sales manager.</p> <p><b>What procurement process has been undertaken (i.e. a selection of a provider), or will be, and how will that be managed?</b> I have been to Dunedin to check gear. I have found the perfect machine, have talked to suppliers, flown to Bulls on Monday 7 October to view the machine in operation.</p> <p><b>What project management practices will be in place?</b> I will assign myself and both foreman and the new salesman to oversee operation.</p> <p><b>Who the key personnel are?</b> Myself, both foreman and the new Sales Manager.</p>
--

q. What are the proposed deliverables if funding is approved?

#	Deliverable	Due Date	Associated Payment (ex-GST)
1	Funding Agreement executed and any pre-conditions are met or waived	Commercial Information	\$ Commercial Info
2	Water Jet Cutter installed	Commercial Information	\$ Commercial Info
3	Water Jet Cutter operational	Commercial Information	\$ Commercial Info
4	Quarterly report 1 of 4 submitted	Commercial Information	\$ Com
5	Quarterly report 2 of 4 submitted	Commercial Information	\$ Com
6	Quarterly report 3 of 4 submitted	Commercial Information	\$ Com
7	Quarterly report 4 of 4 submitted	Commercial Information	\$ Com
8	Final Report submitted	Commercial Information	\$ Com
<b>Total</b>			\$156,000

r. Please provide a breakdown of the costs of the project:

Cost Description:	\$ (excluding GST)
Water Jet Cutter	\$ Commercial Inform
<b>Total</b>	\$ Commercial Inform

s. What risks are associated with the delivery of this activity?

#	Risk	Mitigation approach	Rating
1	Long lead times to buy new equipment ends up delaying the creation of new roles, and increase in productivity are not achieved.	- We will be able to utilise our existing equipment and suppliers to mitigate this, production won't stop. We will ensure that we have clarity from the supplier on the timeframes for delivery of the equipment.	High
2	There is a lack of engineering expertise to take up the roles required to operate the new equipment.	- A role of the SOREC is to help support companies who have such difficulties in employing staff, in addition we will undertake our standard procurement processes to ensure we can fill the roles as necessary.	High
3	Demand for our services decrease.	- We have a well diversified business. We do not see a decrease in demand for our services occurring.	Low

**Part D: Declarations**

Commercial Information

- t. The contracting entity is compliant and will continue to comply with all applicable laws, regulations, rules and professional codes of conduct or practice including but not limited to health and safety and employment practices
  
- u. Has this activity ever been declined Crown Funding in the past?
  
- v. Has the applicant or the contracting entity ever been insolvent or subject to an insolvency action, administration or other legal proceedings?
  
- w. Has any individual in the Project Team (including the Applicant's Leadership Team, directors, partners, or trustees, or any key members of the project) ever been insolvent or subject to an insolvency action, administration or other legal proceedings, or actively involved in any organisation which has?
  
- x. Has any individual in the Project Team (including the Applicant's Leadership Team, directors, partners, or trustees, or any key members of the project) ever been adjudged bankrupt or is an undischarged bankrupt?
  
- y. Has any individual in the Project Team (including the Applicant's Leadership Team, directors, partners, or trustees, or any key members of the project) ever been under investigation for, or been convicted of, any criminal offence?
  
- z. Are there any actual, potential or perceived conflicts of interest that the applicant or any of the key personnel have in relation to this project.

"In a small country like ours, conflicts of interest in our working lives are natural and unavoidable. The existence of a conflict of interest does not necessarily mean that someone has done something wrong, and it need not cause problems. It just needs to be identified and managed carefully..." <https://www.oag.govt.nz/2007/conflicts-public-entities>

If you answered "Yes" to any question from u to z, please provide a description below:

PROACTIVELY RELEASED

## **Appendix 1 – Terms and Conditions of this Application**

### **General**

The terms and conditions are non-negotiable and do not require a response. Each applicant that submits a request for Provincial Growth Fund (“PGF”) funding (each an “application”) has confirmed by their signature (or e-signature) on the application that these terms and conditions are accepted without reservation or variation.

The Provincial Growth Fund is a government initiative which is administered by the Provincial Development Unit, a unit within the Ministry of Business, Innovation and Employment. Any reference to the Provincial Development Unit in these terms and conditions, is a reference to MBIE on behalf of the Crown.

### **Reliance by Provincial Development Unit**

The Provincial Development Unit may rely upon all statements made by any applicant in an application and in correspondence or negotiations with the Provincial Development Unit or its representatives. If an application is approved for funding, any such statements may be included in the contract.

Each applicant must ensure all information provided to the Provincial Development Unit is complete and accurate. The Provincial Development Unit is under no obligation to check any application for errors, omissions, or inaccuracies. Each applicant will notify the Provincial Development Unit promptly upon becoming aware of any errors, omissions, or inaccuracies in its application or in any additional information provided by the applicant.

### **Ownership and intellectual property**

Ownership of the intellectual property rights in an application does not pass to the Provincial Development Unit. However, in submitting an application, each applicant grants the Provincial Development Unit a non-exclusive, transferable, perpetual licence to use and disclose its application for the purpose of assessing and decision making related to the PGF application process. Any hard copy application or documentation supplied by you to the Provincial Development Unit may not be returned to you.

By submitting an application, each applicant warrants that the provision of that information to the Provincial Development Unit, and the use of it by the Provincial Development Unit for the evaluation of the application and for any resulting negotiation, will not breach any third-party intellectual property rights.

### **Confidentiality**

The Provincial Development Unit is bound by the Official Information Act 1982 (“OIA”), the Privacy Act 1993, parliamentary and constitutional convention and any other obligations imposed by law. While the Provincial Development Unit intends to treat information in applications as confidential to ensure fairness for applicants during the assessment and decision making process, the information can be requested by third parties and the Provincial Development Unit must provide that information if required by law. If the Provincial Development Unit receives an OIA request that relates to information in this application, where possible, the Provincial Development Unit will consult with you and may ask you to confirm whether the information is considered by you to be confidential or still commercially sensitive, and if so, to explain why.

### **Use and disclosure of information**

The Provincial Development Unit will require you to provide certain information, including personal information, on application forms if you wish to apply for funding. If you do not provide all of the information that is required on an application form, the Provincial Development Unit may be unable to process or otherwise progress your application.

MBIE will generally only use personal information provided in the application process for the purpose of administering the PGF which includes assessing an application you have submitted, contracting, monitoring compliance and reporting.

We may use personal information provided to us through the application for other reasons permitted under the Privacy Act (e.g. with your consent, for a directly related purpose, or where the law permits or requires it).

The Provincial Development Unit may disclose any application and any related documents or information provided by the applicant, to any person who is directly involved in the PGF application and assessment process on its behalf including the Independent Advisory Panel (“IAP”), officers, employees, consultants, contractors and professional advisors of the Provincial Development Unit or of any government agency. The disclosed information will only be used for the purpose of participating in the PGF application and assessment process, including assessment and ongoing monitoring, which will include carrying out due diligence. Due diligence may involve MBIE disclosing information to another MBIE business unit or relevant agency in order to assess the application and verify the information contained in the application and accompanying documents.

MBIE will generally not otherwise disclose personal information provided or collected through this application unless required or otherwise permitted by law. For example, we may seek your consent to undertake additional due diligence checks and request information from other relevant third parties. If an application is approved for funding, information provided in the application and any related documents may be used for the purpose of contracting.

In the interests of public transparency, if an application is approved for funding, the application (and any related documents) may be published by the Provincial Development Unit. Commercially sensitive and personal information will be redacted by reference to the provisions of the Official Information Act 1982.

#### **Limitation of Advice**

Any advice given by the Provincial Development Unit, any other government agency, their officers, employees, advisers, other representatives, or the IAP about the content of your application does not commit the decision maker (it may be Senior Regional Officials, Ministers or Cabinet depending on the level of funding requested and the nature of the project) to make a decision about your application.

This limitation includes individual members of the IAP. The IAP's recommendations and advice are made by the IAP in its formal sessions and any views expressed by individual members of the IAP outside of these do not commit the IAP to make any recommendation.

#### **No contractual obligations created**

No contract or other legal obligations arise between the Provincial Development Unit and any applicant out of, or in relation to, the application and assessment process, until a formal written contract (if any) is signed by both the Provincial Development Unit and a successful applicant.

#### **No process contract**

The PGF application and assessment process does not legally oblige or otherwise commit the Provincial Development Unit to proceed with that process or to assess any particular applicant's application or enter into any negotiations or contractual arrangements with any applicant. For the avoidance of doubt, this application and assessment process does not give rise to a process contract.

#### **Costs and expenses**

The Provincial Development Unit is not responsible for any costs or expenses incurred by you in the preparation of an application.

#### **Exclusion of liability**

Neither the Provincial Development Unit or any other government agency, nor their officers, employees, advisers or other representatives, nor the IAP or its members will be liable (in contract or tort, including negligence, or otherwise) for any direct or indirect damage, expense, loss or cost (including legal costs) incurred or suffered by any applicant, its affiliates or other person in connection with this application and assessment process, including without limitation:

- a) the assessment process
- b) the preparation of any application
- c) any investigations of or by any applicant
- d) concluding any contract
- e) the acceptance or rejection of any application, or
- f) any information given or not given to any applicant(s).

By participating in this application and assessment process, each applicant waives any rights that it may have to make any claim against the Provincial Development Unit. To the extent that legal relations between the Provincial Development Unit and any applicant cannot be excluded as a matter of law, the liability of the Provincial Development Unit is limited to \$1.

Nothing contained or implied in or arising out of the PGF documentation or any other communications to any applicant shall be construed as legal, financial, or other advice of any kind.

#### **Inducements**

You must not directly or indirectly provide any form of inducement or reward to any IAP member, officer, employee, advisor, or other representative of the Provincial Development Unit or any other government agency in connection with this application and assessment process.

#### **Governing law and jurisdiction**

The PGF application and assessment process will be construed according to, and governed by, New Zealand law and you agree to  
PGF Express Application Form

submit to the exclusive jurisdiction of New Zealand courts in any dispute concerning your application.

**Public statements**

The Provincial Development Unit and any other government agency, or any relevant Minister, may make public in whole or in part this application form including the following information:

- the name of the applicant(s)
- the application title
- a high-level description of the proposed project/activity
- the total amount of funding and the period of time for which funding has been approved
- the region and/or sector to which the project relates

The Provincial Development Unit asks applicants not to release any media statement or other information relating to the submission or approval of any application to any public medium without prior agreement of the Provincial Development Unit.

**Electronic signature**

You can only file documents and information with us using an electronic signature if you're the signatory, or have authority to act on behalf of the signatory, and are using software that complies with our standards, in particular keeping records of transactions where an electronic signature has been used. Once a document with your electronic signature has been filed with us, we consider the information:

- has been provided with your full knowledge and agreement
- is authentic and accurate
- wasn't amended after your electronic signature was added to the document, unless a change has been clearly marked on the document.

You're responsible for:

- safeguarding how and when your electronic signature and credentials are used on documents and information
- managing who has authority to use your electronic signature on your behalf, for example, a chartered accountant.

If your electronic signature on a document or information is filed with us, you won't be able to dispute having signed and approved the document or information. If we question the authenticity of an electronic signature or online transaction, you must be able to demonstrate on request the validity of the software used to apply your electronic signature to the document.

You must use electronic signature software that captures authentication, time and source details for any online transaction where a document with your electronic signature has been filed. These details must be held within the software itself, in the form of a file that:

- is maintained in its original form with no amendments, and
- can be provided to us, if requested, within a specified time.

The file must be treated as a record, as defined by the Companies Act 1993, and a business record as defined by the Evidence Act 2006.

## Appendix 2 - Operational criteria for all tiers of the Fund

### Link to Fund and government outcomes

- Demonstrate the ways in which the project will contribute to lifting the productivity potential of the region
- Demonstrate how the project contributes to the Fund's objectives of:
  - more permanent jobs
  - benefits to the community and different groups in the community
  - increased utilisation and returns for Māori from their asset base (where applicable)
  - sustainability of natural assets (e.g. water, soil integrity, the health and ecological functioning of natural habitats)
  - mitigating or adapting to climate change effects, including transitioning to a low emissions economy
- Clear evidence of public benefits (i.e. benefits other than increased profitability for the applicant)
- Are in a Government priority region or sector

### Additionality

- Project is not already underway, does not involve maintenance of core infrastructure or assets (except for rail and transport resilience initiatives), and does not cover activities the applicant is already funded for (funding could be considered to increase the scale of existing projects or re-start stalled projects)
- Demonstrated benefit of central Government investment or support
- Detail of any supporting third party funding (and any funding sought unsuccessfully)
- Acts as a catalyst to unlock a region's productivity potential
- Demonstrated links to other tiers of the Fund and related projects, to maximise value of Government investment

### Connected to regional stakeholders and frameworks

- Evidence of relevant regional and local support, either through existing regional development mechanisms, or through another relevant body such as a council, iwi or other representative group (or reasons for any lack of local support)
- Has been raised and discussed with the region's economic development governance group
- Alignment with, or support for the outcomes of, any relevant regional development plan, Māori development strategy or similar document (whether regional or national)
- Demonstrated improvement in regional connectedness (within and between regions)
- Leverage credible local and community input, funding, commercial and non-commercial partners
- Utilise existing local, regional or iwi/Māori governance mechanisms

### Governance, risk management and project execution

- Evidence of robust project governance, risk identification/management and decision-making systems and an implementation plan appropriate to the size, scale and nature of the project
- Future ownership options for capital projects, including responsibility for maintenance, further development, and other relevant matters
- Benefits and risks clearly identified and quantified, depending on the scale of the initiative
- Evidence of potential exit gates and stop/go points, and a clear exit strategy
- Clearly identifies whole of life costs (capital and operating)
- Dependencies with other related projects are identified
- Evidence of sustainability after conclusion of PGF funding
- Adequacy of asset management capability (for capital projects)
- Compliance with international obligations (where relevant)
